

30 TAC §290.47(c)(3)

**Boil Water Notice Rescinded
10.23.2024**

On 10.19.2024 , the Texas Commission on Environmental Quality required the DeBerry public water system, TX1830006, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of 10.23.2034.

If you have questions concerning this matter, you may contact Donnie Golden at 903.926.6364 or Sara Edwards at 318.372.5172

If you see anyone other than the Fire Department connected to ANY Hydrants or Valves in the DeBerry WSC area please take a picture if possible and contact the system immediately.
