

BOIL WATER NOTICE RESCINDED
DeBerry WSC – PWS ID TX1830006

10.30.2026

On 10.22.2026, the Texas Commission on Environmental Quality required the DeBerry WSC public water system, PWS ID TX1830006, to issue a Boil Water Notice to inform customers, individuals, or employees that due to a precautionary measure from fixing a water line, water must be boiled prior to drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of 10.30.2026.

If you have questions concerning this matter, you may contact Colton Prothro at 903-399-1144.

If a customer, individual, or employee wishes to contact the executive director of the TCEQ, please call (512) 239-4691.
